Dear Parent/Carer

Year 11 Maths Easter Revision Sessions

We are writing to inform you that the maths department will be holding maths revision sessions during the Easter holidays and will be running four days of supported study sessions.

On each of the four days, students will have four hours where they will be able to complete maths work, with teachers on hand to help them. There will be printed exam questions and relevant resources available, however, students are welcome to bring their own work with them should they wish. If topics need to be taught, we will do this in small groups.

We know how hard it is for students to focus at home and therefore are trying to support them in their revision wherever possible. We will also be providing some light refreshments for lunch.

Students should always sign-in and out at main reception when they attend the Academy for revision sessions. On their arrival, students should first go to room B109, where they will be directed to an appropriate classroom for their level.

All sessions will run from 11.00am–3.00pm on:-

- Tuesday 3 April
- Thursday 5 April
- Wednesday 11 April
- Friday 13 April

If students wish to attend any of these sessions, they will need to complete the sign-up sheets in their maths lessons, as we need to ensure that we can provide enough teachers and refreshments for each session. We should also be grateful, in advance, if you could please let me know via email if you would like your son/daughter to attend and which sessions.

Yours faithfully

Miss Natasha Widmer
Assistant Principal for Maths
